**Pradhan Mantri Gram Sadak Yojana (PMGSY)**

1 Objective/purpose of the Public Authority:

Pradhan Mantri Gram Sadak Yojana (PMGSY) was launched on 25\textsuperscript{th} December 2000 as a fully funded Centrally Sponsored Scheme to provide all weather road connectivity in rural areas of the country. The programme envisages connecting all habitations with a population of 500 persons and above in the plain areas and 250 persons and above in the hill States, the Tribal (Schedule V) Areas, the Desert Areas (as identified in the Desert Development Programme) and IAP districts as identified by Ministry of Home Affairs.

The PMGSY permits the Upgradation (to prescribed standards) of the existing roads in those Districts where all the eligible habitations of the designated population size have been provided all-weather road connectivity. However, it must be noted that Upgradation is not central to the Programme and cannot exceed 20\% of the State's allocation as long as eligible unconnected habitations in the State still exist. In upgradation works, priority is given to Through Routes of the Rural Core Network, which carry more traffic.

**Mission / Vision Statement of the Public Authority.**

**Mission**

Sustainable and inclusive growth of Rural India through all-weather road access to rural habitations to improve their livelihood opportunities including farm to market connectivity and quality of life bringing them in the main stream of socio-economic activities.

**Vision**

Rural Road Connectivity for sustainable and inclusive growth of Rural India.

**Brief history and duties of the of the public authority**

On the recommendations of National Rural Roads Development Committee, PMGSY was launched on 25\textsuperscript{th} December, 2000 with a view to provide road connectivity in rural areas of the country. The programme envisages connecting all habitations with a population of 500 persons and above in plain areas and 250 persons and above in hill states, the tribal (Schedule V) and the desert (Desert Development Programme) areas. Recently the programme guidelines have been amended to extent the benefits of the scheme to habitations having population of 250 persons and above in the districts identified as LWE affected/implementation of Integrated Action Plan (IAP) as identified by the Ministry of Home Affairs and Planning Commission.

For Technical support in the implementation of the programme, National Rural Roads Development Agency (NRRDA) was established by the Ministry in 2002 under the Societies Registration Act – XXI of 1860.
NRRDA is responsible for overseeing and coordinating the technical aspects of the Programme and to facilitate systematic monitoring of the implementation of the Programme in the States/UTs.

The performance of NRRDA is being reviewed through an Executive Committee Chaired by Director General, NRRDA and Ex-officio Joint Secretary (RC), Ministry of Rural Development and the General Body Chaired by its President and Ex-officio Hon’ble Minister, Rural Development, Ministry of Rural Development. The member of both the committees are as per the MoU of NRRDA.

**Main activities/functions of the public authority.**

List of services being provided by the public authority with a brief write-up on them.

1. To frame appropriate policy/action plan for the effective and optimum result-oriented implementation of PMGSY keeping in view the broad policies/guidelines and the budgetary resources made available by the Planning Commission and Ministry of Finance, etc.
2. To interact with State Governments and other bodies with a view to take concerted action for effective and meaningful implementation of PMGSY/Rural Road Component of Bharat Nirman in an effective and convergent manner.
3. To seek sufficient budgetary support for implementation of PMGSY/Rural Road Component of Bharat Nirman and release the funds to the State Governments.
4. Meetings of the Performance Review Committee for periodic reviews of PMGSY/Rural Road Component of Bharat Nirman.
5. Seek public cooperation and associate as early as possible.
6. Implementing and monitoring of Pradhan Mantri Gram Sadak Yojana (PMGSY) providing rural connectivity.

The National Rural Roads Development Agency (NRRDA) is responsible for providing Technical support to the programme.

As Rural Roads is a state subject, PMGSY is Executed by State/UT Governments. Therefore, State Rural Roads Development Agencies (SRRDAs) are created by all the States at State level as autonomous agencies for implementation of PMGSY programme in the respective state. The mandate and the performance review is carried out by the states on a defined charter, which may be as per the decision of the state. All State Governments will ensure timely furnishing of all necessary reports, data and information to the National Rural Roads Development Agency.

At the District level, the Programme will be co-ordinated and implemented through a dedicated Programme Implementation Units(PIUs).

Expectation of the public authority from the public for enhancing its effectiveness and efficiency.

Prompt feedback on the implementation of PMGSY.

Arrangements and methods made for seeking public participation/contribution.

There are adequate provisions in the programme guidelines seeking public participation/contribution as detailed below:-
**Master Plan and the Core Network:** In the identification of the core Network, the priorities of elected representatives, including MPs and MLAs, are expected to be duly taken into account and given full consideration.

The District Panchayat shall be the competent authority to select the set of socio-economic/infrastructure variables best suited for the District, categorise them and accord relative weightages to them.

The Block level Master Plan and the Core Network are placed before the Intermediate Panchayat for consideration and approval of the Core Network. They are simultaneously sent, along with the list of all unconnected Habitations to the Members of Parliament and MLAs, for their comments, if any. After approval by the Intermediate Panchayat, the Plans would be placed before the District Panchayat for its approval. It will be incumbent on the District Panchayat to ensure that the suggestions given by the Members of Parliament are given full consideration within the framework of these Guidelines. Once approved by the District Panchayat, a copy of the Core Network would be sent to the State –Level Agency as well as the National Rural Roads Development Agency. No road work may be proposed under PMGSY for New Connectivity or Upgradation (where permitted) unless it forms part of the Core Network.

**Information Board:** The Citizen Information Board has been designed to provide details of actual work proposed at the site. Details relating to width of each layer of the pavement along with the quantity of the materials required to be used in each of the layers are displayed on the Board. State Governments have been advised to fix Citizen Information Boards on every PMGSY road in the local language with a view to share information with the citizens and enhance transparency in the programme implementation.

In order to further enhance transparency in the programme, State Governments have been advised to adopt a system of inviting public representatives for joint visit of PMGSY roads. The following arrangement of joint inspection has been advised:

1. The Superintending Engineer concerned of the zone/region will request the Hon’ble MP and Zilla Pramukh representing that zone/region once in six month duration to select any PMGSY project(s) in respective areas and joint inspection/visit would be organized.
2. The Executive Engineer in-charge of the Division will request the Hon’ble MLA/Chairperson of Intermediate Panchayat once in three month duration to select any PMGSY project(s) in respective areas and joint inspection/visit would be organized.
3. Similarly, the Assistant Engineer in-charge of the Sub-division will request the concerned Sarpanch of the Gram Panchayat once in two month duration to select any PMGSY project(s) in respective areas and joint inspection/visits would be organized.

**Mechanism available for monitoring the service delivery and public grievance resolution:-**

1. Performance Review Committee (PRC) Meetings
2. Regional Review Committee (RRC) Meetings
3. Feedback Module consisting of Comment, Complaint and Query are available on PMGSY website (www.omms.nic.in).
4. CPGRAMS: It is a centralized public Grievance Redressal and Monitoring System which is accessible at www.pportal.gov.in and covers all Ministries/ Departments of Government of India. The grievance received are examined and forwarded to NRRDA or SRRDA concerned in accordance with the nature of the grievance for necessary action at their end. Where necessary, follow up action is also taken.

XVII. Please provide about the details of the budget for different activities under different schemes in the given format.

Budget Estimates/Revised Estates for the year 2011-12 for PMGSY is Rs. 20,000 Cr/Rs. 20,000 crore, respectively.

XVIII. The Manner of Execution of Subsidy Programmes

Not applicable as PMGSY is not a subsidy scheme.

XIX. Particulars of Recipients of concessions, permits or authorization granted by it.

Not applicable under PMGSY.

XX. Please provide the details of the Norms/Standards set by the Department for execution of various activities/programmes.

As per programme guidelines, the PIUs will ensure the following in preparing the Detailed Project Reports:

(i) The Rural Roads constructed under the Pradhan Mantri Gram Sadak Yojana must meet the technical specifications and geometric design standards given in the Rural Roads Manual of the IRC (IRC:SP20:2002) and also, where required, the Hill Roads Manual (IRC:SP:48)
(ii) The choice of design and surface for the road would be determined, inter alia, by factors like traffic, soil type and rainfall, following the technical specifications laid down in the Rural Roads Manual (IRC:SP20:2002). Normally rural roads would need to be designed to carry upto 45 commercial vehicles per day (CVPD) only. All cases of design for new construction where a higher traffic is projected need detailed justification. In the case of new construction for eligible Habitations of population below 1000 where traffic expected is likely to remain very low (below 15 CVPD), in the interest of economy, the road would generally be designed for a gravel or other unsealed surface as provided in the Rural Roads Manual, subject to considerations of rainfall. In case of new construction to connect Habitations with population below 500 where the projected traffic growth is likely to be very low, the carriageway may further be restricted to 3.0 m.

(iii) Where the road passes through a Habitation, the road in the built-up area and for 50 metres on either side may be appropriately designed preferably as a Cement Road or with Paved Stones, besides being provided with side drains. Appropriate side drains and cross drainage will be provided, so that improper drainage does not damage the road or the dwelling alongside.

XXI. Please provide the details of the information related to the various schemes which are available in the electronic format.

PMGSY scheme is available at website www.pmgisy.nic.in under Icon “PMGSY Scheme”.

XXII. Means, methods or facilitation available to the public which are adopted by the department for dissemination of information.

The entire information about the Programme and road works is made available to citizens through websites www.pmgisyonline.nic.in and www.pmgisy.nic.in

XXIII. Frequency Asked Questions and their Answers

Detailed frequent asked questions in respect of PMGSY with replies is available at Annexure –VIII.

XXIV. Related to seeking Information

Information regarding PMGSY is available on Websites www.pmgisyonline.nic.in www.pmgisy.nic.in and www.omms.nic.in.

XXV. With Relation to training imparted to Public By Public Authority.

No training to Public is imparted under PMGSY. However, Training to personnel engaged to implementation of PMGSY including Engineers, Financial personnel, Contractors etc. is imparted by NRRDA for capacity building.
