Subject: - Information sought under Right to information Act, 2005-reg.

Sir,

I am directed to refer to your RTI Application dated 30th May, 2019 received in this Ministry through Ministry of Road Transport and Highways letter No. MORLD/R/2019/00203 dated 17th June, 2019 and to say that all the details regarding implementation of Pradhan Mantri Gram Sadak Yojana (PMGSY) are available in public domain at omms.nic.in. The details sought by the applicant with regard to PMGSY vide instant RTI application are as under :-

- i) Details of funds released to the States/UTs for implementation of PMGSY during the years 2015-16, 2016-17, 2017-18, 2018-19 and 2019-20 are as under:-

| Year | Funds released (Rs . in crore) |
|---------|--------------------------------|
| 2015-16 | 18,289.86 |
| 2016-17 | 17922.86 |
| 2017-18 | 16,862.06 |
| 2018-19 | 15,417.55 |
| 2019-20 | 840.085 |

- (ii) Since inception till date, a total of 6,02,156 Km road length has been completed at an expenditure of Rs. 2,08,676 crore. The State-wise details may be viewed at omms.nic.in.
- (iii) The construction cost of the roads per Km varies depending on the site condition from State to State.
- (iv) Under Road connectivity project for LWE Areas, against total sanctioned length of 5,066 Km, 925 Km road length has been completed.
- (v) As per programme guidelines, the State Governments are responsible for ensuring that lands are available and free from all encumbrances, along the entire proposed alignment, for taking up the proposed road works under Pradhan Mantri Gram Sadak Yojana (PMGSY). Details regarding land acquisition cases are not maintained centrally.

M M G m

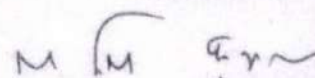

Issued
18/7/19

- vi) Relevant pages of programme guidelines relating to Quality Control and Supervision of works are enclosed.
- vii) As per the PMGSY Guidelines, all roads sanctioned under PMGSY will be covered by 5 years (Defect liability Period) Maintenance by contractors and after defect liability period, State should maintain the roads. Maintenance of roads constructed under PMGSY is the responsibility of the State Government out of its own resources.

2. A copy of your RTI Application is also being forwarded to National Rural Infrastructure Development Agency (NRIDA) for providing information, if any.

3. Dr. Surabhi Rai, Deputy Secretary (RC), MoRD is the Appellate Authority. In case you are not satisfied with the reply or feel aggrieved by the decision of the CPIO, you may prefer an Appeal within 30 days of the receipt of this letter.

Yours faithfully,

(Lalit Kumar)

- (v) Time period provided in the Notice Inviting Tender (NIT) and the Work Programme shall be strictly enforced. Since time is the essence of the contract, action must be taken against the contractor in cases of delay, as per the contract provisions.

13.2 With the above schedule and considering 75 days as the average tendering time, all cleared works should be able to be reported as completed at the end of 15th month from clearance by the Ministry. The eligibility for release of second instalment of subsequent years' cleared works will be determined accordingly. (refer to Para 19).

13.3 An important principle of the Pradhan Mantri Gram Sadak Yojana is the assured availability of funds, so as to facilitate timely completion of road works. It shall be the responsibility of the Executing Agencies to ensure timely payments to the contractors, subject to satisfactory execution of work. Delays in payment due should be avoided. Settlement of final bill with the contractor will be one of the parameters for monitoring the successful execution of works.

13.4 To maintain quality, ensure timely completion of works and encourage rural road network maintenance, the Ministry of Rural Development may lay down schemes of incentives / disincentives for the States.

14. NATIONAL RURAL ROADS DEVELOPMENT AGENCY

14.1 The Ministry of Rural Development have set up the National Rural Roads Development Agency (NRRDA) to provide Operational and Management support to the Programme. The NRRDA will provide support, inter alia, on the following:

- i. Designs & Specifications and Cost norms.
- ii. Technical Agencies
- iii. District Rural Roads Plans and Core Network.
- iv. Scrutiny of Project Proposals
- v. Quality Monitoring
- vi. Monitoring of progress, including online monitoring
- vii. R&D
- viii. Human Resource Development
- ix. Communication

14.2 All State Governments will ensure timely furnishing of all necessary reports, data and information to the National Rural Roads Development Agency.

15. QUALITY CONTROL AND SUPERVISION OF WORKS

15.1 Ensuring the quality of the road works is the responsibility of the State

Governments, who are implementing the Programme. To this end, all works will be effectively supervised. The NRRDA will issue general guidelines on Quality Control and prescribe a Quality Control Handbook to regulate the quality control process at works level. Quality Control Registers containing the results of tests prescribed in the Quality Control Handbook shall invariably be maintained for each of the road works. A site Quality Control Laboratory will be set up by the Contractor for each package. Payments shall not be made to the Contractor unless the Laboratory has been duly set up and equipped, quality control tests are regularly conducted, recorded and have been found to be successful. The Standard Bidding Document (see Para 11.1) shall incorporate suitable clauses for ensuring Quality Control and a Performance Guarantee by the Contractor, which should be discharged only after consulting the Panchayati Raj Institutions responsible for maintenance.

15.2 A three-tier Quality Control mechanism is envisaged under the Pradhan Mantri Gram Sadak Yojana. The State Governments would be responsible for the first two tiers of the Quality Control Structure. The PIU will be the first tier, whose primary responsibility will be to ensure that all the materials utilised and the workmanship conform to the prescribed specifications. As the first tier, the PIU will supervise the site quality control laboratory to be set up by the contractor. It shall also ensure that all the tests prescribed are carried out at the specified time and place by the specified person/ authority.

24

15.3 As the Second tier of the Quality Control structure, periodic inspections of works will be carried out by Quality Control Units, set up / engaged by the State Government, independent of the Executive Engineers / PIUs. These officers / Agencies (who may be called State Quality Monitors) would be expected to carry out regular inspections and also get samples of material used tested in laboratories of the State Government as well as, in certain cases, independent laboratories, say those of the State Technical Agencies. The State Governments will issue the requisite guidelines in this regard.

15.4 Each State Government will appoint a senior Engineer (not below the rank of Superintending Engineer) to function as **State Quality Coordinator (SQC)** at the State level. His function will be to oversee the satisfactory functioning of the Quality control mechanism within the State. This function would also involve overseeing the follow up action on the reports of the National Quality Monitors. The Quality Coordinator should be part of the SRRDA. *State Quality Coordinators should be appointed keeping in view the following:-

- (i) He/She should be graduate Civil Engineer not below the rank of Superintending Engineer.
- (ii) He/She must possess field experience of working for construction of roads for at least five years in last ten years. Also in the last five years he/she should have worked for at least two years in the field of construction / maintenance of road works.

(*Substituted vide letter No.Q-17024/1/2005-P-III QM dated 27th January, 2005)

15.5 As the third tier of the Quality Control Structure, the NRRDA will engage Independent Monitors (Individuals / Agency) for inspection, at random, of the road works under the Programme. These persons may be designated as National Quality Monitors (NQM). It will be the responsibility of the PIU to facilitate the inspection of works by the NQM, who shall be given free access to all administrative, technical and financial records.

15.6 The National Quality Monitors shall inspect the road works with particular reference to Quality. They may take samples from the site and get them examined by any competent Technical Agency / Institution. They shall also report on the general functioning of the Quality Control mechanism in the District. The Monitors shall submit their report to the NRRDA. The reports of the NQMs will be sent by NRRDA to the State Quality Coordinator for appropriate action within a period to be specified. In case quality check by SQM or NQM reveals 'unsatisfactory' work, the PIU shall ensure that the contractor replaces the material or rectifies the workmanship (as the case may be) within the time period stipulated. In respect of NQM Reports, the SQC shall, each month, report on the action taken on each of the pending Reports. All works rated 'unsatisfactory' shall be re-inspected by an SQM or NQM after a rectification report has been received from the State Quality Coordinator.

15.7 Recurrent adverse reports about quality of road works in a given District / State might entail suspension of the Programme in that area till the underlying causes of defective work have been addressed.

15.8 The State Quality Coordinator/ Head of PIU shall be the authority to receive and inquire into complaints/representations in respect of quality of works and they would be responsible for sending a reply, after proper investigation to the complainant within 30 days. The SRRDA, for this purpose, shall ensure the following:

- i. The name, address and other details of the State Quality Coordinator will be given adequate publicity in the State (including tender notices, websites, etc.) as the authority empowered to receive complaints.
- ii. The State Quality Coordinator shall register all complaints and will get them enquired into by the PIU or if circumstances so require, by deputing a State Quality Monitor.
- iii. All complaints shall be acknowledged on receipt (giving registration no.) and likely date of reply shall be indicated. On receipt of the report, the complainant shall be informed of the outcome and the action taken /proposed.
- iv. Action on anonymous / pseudonymous complaints will be taken as per extant instructions of the State Government.

- 
- v. Complaints received through the Ministry of Rural Development / NRRDA will normally be sent to the State Quality Coordinator for enquiry and necessary action. In case report from an SQM is desired, this shall be furnished within the time specified. In case an adequate response is not received within the stated time schedule, the NRRDA may depute an NQM and further processing will be done only on the basis of NQM report.
- vi. The SQC shall make a monthly report to the State Nodal Department / State Rural Roads Agency (in a prescribed format) and the status of action on complaints shall be discussed in the State-level Standing Committee.

The NRRDA shall monitor the working of the mechanism.

15.9 Quality Control expenses of the 2nd tier will be borne by the PMGSY in respect of identified independent Monitors / monitoring agencies and for expenses and testing fee, etc., admissible as per PMGSY monitoring Guidelines. An amount upto 0.50% of the cleared project cost shall be released to the SRRDA for the purpose, as a proportion of the programme fund released. The funds shall be credited to the Administrative Fund Account of the SRRDA (see Para 12.2)

26

- 15.10.1.* The Superintending Engineer concerned of the Zone/region will request the MP and Zilla Pramukh representing that zone/region once in six months to select any PMGSY project(s) for joint inspection. The schedule of joint inspection will be fixed as per the convenience of the MP/ Zilla Pramukh.
- 15.10.2.* The executive Engineer in- charge of a division will request the MLA/Chairperson of the Intermediate Panchayat concerned once in three months for joint inspection of any PMGSY project(s) as per their choice and according to their convenience.
- 15.10.3.* Similarly, the Assistant Engineer in charge of the sub-division will request the concerned Sarpanch of the Gram Panchayat once in two months to select any PMGSY project(s) for joint inspection. Joint inspection of the project(s) may be arranged as per their convenience.

(*added vide D.O.No P-17025/24/2007-RC dated 27th June, 2007)

15.11 In sum, the PIU as the first level of quality control is directly responsible for quality management, i.e ensuring that at all times the contractor is delivering quality in materials and workmanship in accordance with the specifications of the DPR and conditions of the contract. The second level of quality control of SQMs under the SQC are responsible for Quality control i.e ensuring that the contractor and the PIUs are working to achieve quality standards as per the prescribed standards. The third level of quality control is in reality a quality assurance mechanism. The NQMs are expected to randomly inspect works to

ensure that the State Quality control systems are working satisfactorily and will deliver the requisite quality. The three sub-systems are thus not interchangeable, and need to work in tandem.

16. MONITORING

16.1 Effective monitoring of the Programme being critical, the State Governments will ensure that the officials are prompt in sending the requisite reports/information to the SRRDA as well as the NRRDA. The On-line Management, Monitoring and Accounting System (OMMAS), developed for the purpose, will be the chief mechanism for monitoring the Programme. To this end, the officials are required to furnish, 'On-line', all the data and information, as may be prescribed by the NRRDA from time to time, in the relevant module of the OMMAS. They shall be responsible for uninterrupted maintenance of the Computer Hardware and Software as well as the Internet connectivity. The Software for the OMMAS developed by the NRRDA shall not be modified at any level in the States; any requirement or suggestion for change shall be intimated to the NRRDA.

16.2 The State Government should provide necessary manpower, space and facilities to set up the Computer Hardware at the District and State Level. Since the data would reside on the State Servers, the State level Agency must ensure that the State Server is functional all 24 hours.

16.3 It shall be the responsibility of the Executive Engineer / Head of the PIU to ensure effective up-time and Internet connectivity of the computers at the PIU / District level. He shall be responsible for ensuring placement of all Master data including the Rural Roads Plan in the database and for the constant updating and accuracy of data relating to the progress of road works, record of Quality control tests as well as the payments made. Principal Secretary/Secretary In-Charge of PMGSY shall also ensure regular updating of data on OMMAS. In case of continued failure to update data on the OMMAS, further releases to the State / District concerned would be affected.

16.4 Each State Government would identify one officer of sufficient seniority and having adequate knowledge of Information Technology to function as State **IT Nodal Officer**. His function will be to oversee the regularity and accuracy of the data being furnished by the Districts. The IT Nodal Officer, who shall form part of the SRRDA, shall also be responsible to oversee the upkeep of the Hardware and Software as well as the computer training requirements of the personnel dealing with the PMGSY.

16.5 The District Vigilance and Monitoring Committee set up by the Ministry will also monitor the progress and exercise vigilance in respect of PMGSY.

To

SH. NARENDER MODI JI,
HON'BLE PRIME MINISTER OF INDIA
PRIME MINISTER OFFICE, NEW DELHI

**SUB: REPRESENTATION ON BEHALF OF INHABITANTS/ FARMERS OF VILLAGE
JOSHI CHAUHAN, POST OFFICE BHALGARH, DISTRICT SONEPAT,
HARYANA FOR THE CONSTRUCTION OF UNPAVED/KACHHA ROAD.**

Hon'ble Sir,

This is brought to your kind knowledge that we are the farmers/inhabitants of the village Joshi Chauhan, P.O. Bhalgarh, District Sonapat, Haryana. There is one unpaved/dirt road running from the village and connected to the agriculture land of various farmers of the said village as this road/rasta is left un-constructed from the time immemorial and became a hap-penning for the farmers who used to take their vehicles/tractors/electric equipments/ machineries from the said kuchha rasta for cultivating their lands. The said road wreck havoc and became a serious issue which needs to be solved as early as possible in the interest of farmers of the village.

Sir, this is further brought to your kind notice that particularly tractor/bull-cart plied on the same road, this is the only way connecting the villagers/farmers to the main road and due to its present miserable condition, it become very difficult to use this way/passage/rasta.

Sir as per revenue record the said kachha road fall under Khewat No.385 Min/279, Khata No.406 and Passage/Rasta No.95/115 at village Joshi Chauhan, District Sonapat, Haryana.

Sir as your government is all meant to uplift the rural areas and villagers by constructing the roads under '**PARDHAN MANTRI GRAM SARAK YOJNA**', so

your good office is requested to direct the authorities concerned to construct the said road which shall benefit the farmers/villages in thousand of numbers.

Hope for a favourable consideration at the earliest.

Thanking you..

Yours Sincerely,

FARMERS/VILLAGERS

Sub: Requesting to furnish information regarding completion of identification exercise for posts suitable for persons with disabilities as directed by the Hon'ble Supreme Court in Anuj Goyal v. Union of India u/s 6(1) of RTI Act.

This is concerning the directions of Hon'ble Supreme Court in Anuj Goyal v. Union of India under which all ministries and departments were required to complete an exercise for identification of posts suitable for persons with disabilities. All departments and ministries were informed of the same through Department vide O.M. No. 29-02/2019-DD-III dated 21/05/2019. There were discrepancies in the report and was sent for re-examination.

Kindly provide the information pertaining to the questions below:

1. Is the re-examination of the earlier report of identification exercise for posts suitable for persons with disabilities completed by the expert committee?
2. If yes, kindly provides details as to the results of that exercise.

 17/09/2019

If the above asked information is not available in your office, kindly forward my application to the concerned public authority as per Section 6(3) of the RTI Act- 2005.

Enquiry Report

Subject: Complaint of Inspection Carried Out by NQMs & SQMs of PMGSY Road Work in Madhubani District of Bihar.

Ref: Director (P-III) NRRDA D.O.I letter No. P-17025/U/2025/P-III/1682, 1683, 1684 DATED 28TH May 2018

Name of Work – Road L 095-102 – Pauna

Package No. BR- 21R-83, Block – Benipatti, District – Madhubani (Bihar)

Agreement No. -08SDD/2013-14 for Rs. 18534650=00

Date of Commencement -01/01/14

Stipulated Date of Completion – 31/12/14

Agency: Ranjeet Kumar Mishra, Village – Ketaka, Post- Barryol, Thana – Mabhi, District- Darbhanga

Complainant – Shri J.S. Jha – copy of letter dated 08/11/2017 and previous letters on email.

The Team inspected the Road L 095- 102 to Pauna on dated 08/06/2018 with the following team members:

1. Shri C.P.S. Yadav, Assistant Director, NRRDA
2. Dr. Sanjeev Sinha, STA, NIT Patna
3. Shri M.C. Kanuga, NOM

During starting of inspection the complainers following representative also gave their representation in writing to inspecting team, due to inability of the complainer being present in person before the inspecting team, as already intimated by him by email

1. Shri Umashankar Jha
2. Shri Diwakar Jha
3. Shri Puroshottam Choudhary
4. Shri Parshuram Choudhary
5. Shri Gopi Raman Choudhary

Therefore the inspection carried out in the presence of all the above five members, PII, RWD, Benipatti Division, and his Assistant Engineer and Staff. The villagers were also present during inspection.

One pit at km 0.769 was dug for examination of roadwork executed

- i) G3 layer was taken out and thickness was observed to be 75 mm and gradation testing was also done with percentage of binder material used and found satisfactory.
- ii) G2 layer was subsequently take out and gradation and thickness was checked. The gradation was found unsatisfactory thickness was however found 75 mm

[Signature]

[Signature]

[Signature]

iii) Field dry density for GSB was conducted and found satisfactory. GSB layer was taken out, its gradation and thickness was checked. Thickness was found to be 175 mm and gradation was also found satisfactory

iv) Roadway and carriageway width of the road was checked and found 6 M and 3.75 M respectively. On scrutiny with the inspection carried out by NQM Shri Md. Illahi dated 21/09/17 at chainage 0.030 of this road, G2 layer was found unsatisfactory. ATR was not submitted by the State till date

v) PCC road from km 1.224 to km 1.334, its thickness was checked at 3 places and thickness was found as under:-

- a) Km 1.260 — 205 mm
- b) Km 1.275 — 200 mm
- c) Km 1.330 — 210 mm

and at the edges of PCC was exposed and found some coarse aggregate GSB material. However, the PCC could not be taken out and GSB under the PCC could not be checked.

vi) Main Information Board, Citizens board was fixed at site. Road furniture, Km stone, 200 M stone was also fixed at site

vii) Hume pipes for construction of CD works at 2 places at km 0.310 and km 0.915 were procured and found at site. However, no CD was constructed till date.

viii) The work was found in progress and villagers told that progress was accelerated for last 7 days. The present status of work was given by PIU as desired by the committee.

Verification of complaint with record

On examination of DPR, Bid documents, MB, SQMs and NQMs reports, the following points have been observed:-

i) The agreement was rescinded vide BRRDA order no. 596 dated 29/06/17 and based on the affidavit given by the agency, the previous action was set aside and time extension was granted to the agency further for 3 months vide BRRDA letter No. BRRDA (HQ) PMGSY-786/2017-1424 dated 13/04/18 and therefore the extended stipulated date of completion is now 13/07/18.

ii) On examination of MB no 629 page 1 to 21, it was observed that four running bills was paid to the agency vide page No 1 to 14, amounting to Rs. 59,75,035/- and Vth and final bill recorded in MB from pages 15 to 21 by Jr. Engineer on dated 17/06/17 and Astt. Engineer on dated 19/06/17, was amounting to Rs. (-) minus 28,32,610/- However, the Vth and final bill was not passed by the executive engineer, and not realized till date

iii) It was also observed from the record the complaint was also made to Zila Lok Shikayat Nirvaran Karyalaya, Madubani and the matter is subjudice pending.

iv) It is therefore concluded that complainer, complaint is established.

[Handwritten signature]

[Handwritten signature]

[Handwritten signature]

General Grievances

Apart from the complaint, the villages spoke about the difficulties being faced by them due to non-completion of road for the last 3 years in general and particular during rains, due to not completing C.D. works and stressed for early completion of C.D prior to oncoming rainy season.

Conclusion

- (i) Complainer complaint is established.
- (ii) Pending Action Taken Report by SQMs and particularly by NQM Md. Illahi dated 21/09/17 needs to be submitted to NRRDA, expeditiously by RWD.
- (iii) CD works be executed on priority at 2 places, prior to oncoming rainy season by RWD.
- (iv) Progress of overall work be expedited and be completed before 13/7/18, i.e. up to extended time period granted by Empowered Committee of RWD
