

Dr. Ashish Kumar Goel, IAS

Joint Secretary, MoRD
Director General, NRIDA

राष्ट्रीय ग्रामीण अवसंरचना विकास एजेंसी
(ग्रामीण विकास मंत्रालय, भारत सरकार)

National Rural Infrastructure Development Agency
(Ministry of Rural Development, Govt. of India)

5th Floor, 15-NBCC Tower, Bhikaji Cama Place, New Delhi-110066

DO No. NRRDA-P-017(28)/1/2019-Dir(P-III)

Dated: August 26, 2021

- Sub:**
1. Revised targets of SQM inspections
 2. Empanelment of new SQMs; and
 3. Increasing the utilization of SQMs

Dear Sir/Madam,

Pradhan Mantri Gram Sadak Yojna (PMGSY) envisages a three tier quality assurance mechanism to ensure quality of road works constructed under PMGSY. The first two tiers of the structure are the responsibility of the respective State Governments and under the third tier, NRIDA engages independent National Quality Monitors (NQMs) for inspections at random, of the road & bridge works under the programme.

2. Some of the states have impressed on the reduced availability of existing SQMs and shortage of experienced manpower for empanelment as SQMs. Some states also have impressed that existing strength of SQMs is sufficient for conducting the requisite number of inspections. However, it has been observed that substantial number of works have been completed either with no inspection or only one inspection by SQMs.

3. NRIDA has empanelled NQMs for conducting third tier inspections. It has been observed that during April, 2017 to March, 2020, NQMs have conducted average 08 inspections per month, whereas SQMs could carry out only 03 inspections per month. In a few states, the average number of inspections by SQMs is less than one per month. The highest average was 05 per month, only for one state and same was taken as bench mark for calculating the number of SQMs required in each state for the year 2021-2022.

4. A summary of SQM wise number of inspections conducted in your state during April, 2017 to March 2020, is enclosed as **Annexure I**. From this analysis, it can be seen that a few SQMs have done even less than a total of 10 inspections in the past three years (before beginning of COVID-19). This clearly shows that either these SQMs were not assigned proper duties or they refused to conduct inspections. Both the situations show poor utilization of existing resources.

5. Further, it has been observed that completion of many works is given and they are either not inspected by SQM even once or not inspected on completion. It has been decided that henceforth no work will be treated as complete, if it is not inspected by SQM on completion. Further, it has also been decided that all those works which have been completed after 1st January, 2020 and have not been inspected by SQM on completion, should be inspected by SQM on priority, in the category of 'completed works'.

...2/-

o/c

6. Representations were received from some of the states, indicating that the target of SQM inspections assigned is not in conformity with the number of completed and ongoing works. Accordingly, the targeted number of SQM inspections, have been reviewed considering number of completed, ongoing and maintenance works and are enclosed as Annexure II (A to C).

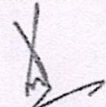

7. In view of above, you are requested to ensure the following for achieving revised targets of SQM inspections in your state:-

- (a) Assign substantial number of works to SQMs every month in such a manner that at least 10 inspections are conducted per SQM per month. This is required not only for better utilization of existing resources of SQMs, but to overcome the non-availability of trained man power. An analysis of requirement of SQMs based on average 5 and 10 inspections per month is enclosed for better appreciation of this aspect and is enclosed as Annexure III.
- (b) Empanel additional number of SQMs and/or engage suitable agencies to ensure that the revised target of SQM inspections assigned to your state for the year 2021-22 is achieved for ensuring quality of works.

Encl: Annexure- I, II (A to C) and III

With regards,

Yours sincerely,

(Dr. Ashish Kumar Goel)

To

1. All Additional Chief Secretaries/ Principal Secretaries/ Secretaries dealing with PMGSY & RCPLWE
2. All Chief Executive Officer, Engineer-in-Chief /Chief Engineers of States dealing with PMGSY & RCPLWE.
3. All SQCs.
